# SUBODH BHUJBAL

Pune, India • GitHub: github.com/subodhbhujbal • subodhbhujbal2@gmail.com

## EXPERIENCE

**Cloud Application Developer Trainee | MIDC Skill Development Center (EDUSPARK) — Oct 2026**

Maharashtra, India

- Completed a 510-hour industry-oriented cloud application development program (IT-ITeS sector, NSDC Level 5).
- Deployed a Python/Flask web application on AWS EC2 (Ubuntu) with a public DDNS endpoint; integrated DynamoDB and AWS SES for OTP email delivery.
- Used Git and GitHub for version control and documented system design and deployment steps.

**Data Science & Business Analytics Intern | InternsElite — Aug 2026 to Oct 2026**

- Completed an 8-week internship in data cleaning, exploratory data analysis, and machine learning; built regression and classification projects using Python, Pandas, and Scikit-learn.

## PROJECTS

**CloudVote – Cloud-Based Secure Online Voting System**

**Technologies:** AWS EC2, DynamoDB, SES, Python, Flask, Bootstrap 5, Chart.js, No-IP DDNS

- Deployed a full-stack voting application on AWS Free Tier with a public endpoint and designed a three-table DynamoDB schema for voters, votes, and candidates.
- Implemented OTP-based email verification via AWS SES and a live election-results dashboard.

**House Price Prediction – Bengaluru (Regression)**

**Technologies:** Python, Pandas, NumPy, Scikit-learn, Matplotlib, Google Colab

- Cleaned 13,000+ listings, removed outliers, and prevented data leakage; log-log Linear Regression achieved $R^2$ 0.8165 and RMSE 33.07 lakh.

**Loan Approval Prediction (Classification)**

**Technologies:** Python, Pandas, Scikit-learn, Seaborn, Google Colab

- Built a classification pipeline on 614 records; Random Forest achieved 82.9% accuracy and 0.88 F1, while Logistic Regression achieved ROC-AUC 0.853.

## TECHNICAL SKILLS

**Cloud:** AWS (EC2, DynamoDB, SES), Cloud Application Deployment, DDNS

**Programming & Databases:** Python (Basics), SQL (Basic), DynamoDB, MySQL

**Web & Backend:** Flask, Bootstrap 5, Chart.js

**Data & ML:** Pandas, NumPy, Scikit-learn, EDA, Regression, Classification

**Tools:** Git, GitHub, Excel, Google Colab, Jupyter Notebook, VS Code

## EDUCATION

**Bachelor of Computer Engineering (Final Year)** | PDEA's College of Engineering, Pune (SPPU)

**12th Grade** | Fergusson College, Pune — 61%

**10th Grade** | S.S. Dawkhare Vidyalay — 90%

## CERTIFICATIONS

Cloud Application Developer — MIDC Skill Development Center (EDUSPARK), 510 Hours, NSDC Level 5 (Oct 2026)

Data Science & Business Analytics Internship — InternsElite (Oct 2026)
